

W.E.T. by Pot Olé

W.E.T. CATALOG

Watering - Easy - Trays

Trays for cc containers and EUR pallets

The design is clean-cut, rustproof and very environmentally friendly.

The watering trays have a stopper and a hole in the tray which makes it possible to drain water to prevent the plant from drowning.

A small blackboard is also included, where the price and name of the plant can be written.

The trays contribute to:

- A 90% reduction of water for watering
- A 90% reduction in time spent watering
- A 25% reduction in wilting plants

Wheel lock

Our watering trays comes in 4 different sizes:

Std. 1 - 125x54x5 cm

Std. 4 - 30x54x5 cm

EUR tray - 120x80x5 cm

1/2 EUR tray - 60x80x5 cm

W.E.T. Seed Pot Trays

Our watering trays with “**seed pots**” are designed to gardeners with small and big greenhouses as well as for private homes looking for a solution to plant and **grow plants** with ease.

The trays are made of “hot dip” **galvanized zinc**, which makes it possible to use the trays for many years and **grow edible plants**.

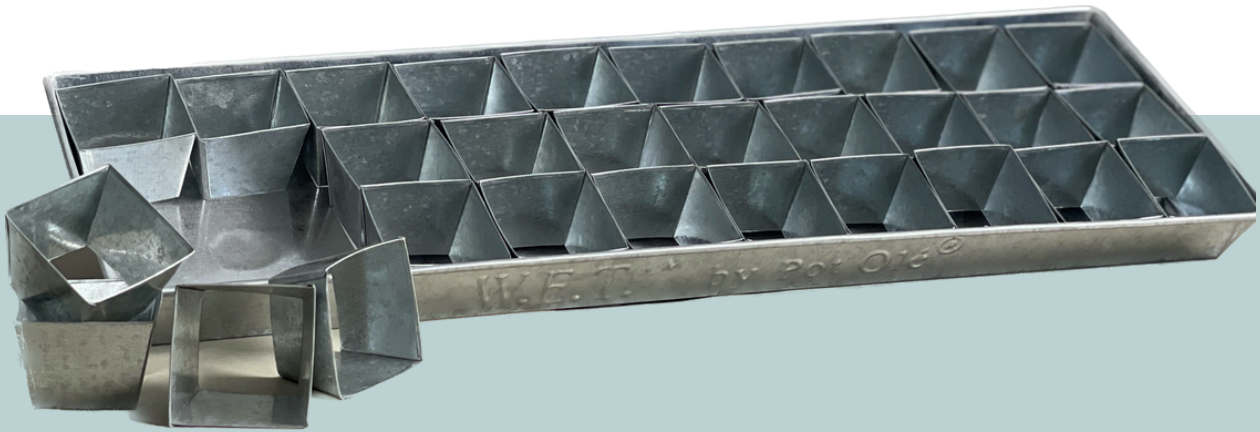

Our W.E.T. Seed Pot Trays can be used both indoor and outdoor. Their rustic and classic look will fit into any setting, whether the trays are to be placed at home, in the window or in the greenhouse.

Our zinc trays can both
be used with and
without seed pots.

Turning Display

This model makes it possible to display an array of different flowers and plants in the space of just **a few square** metres.

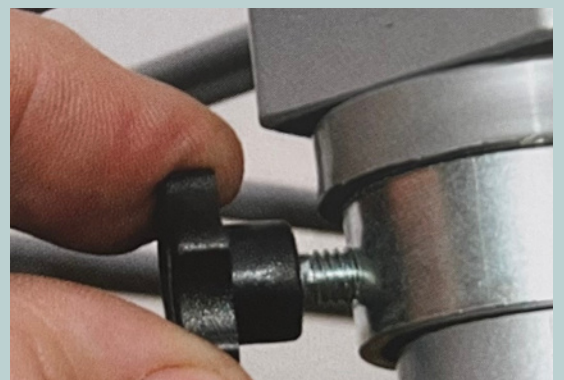

Turning display is a stand with five levels of watering trays.

The trays are 30x54x5 cm

Adjustable shelves

The shelves are designed for our W.E.T. std. 4 watering tray. The stand contains 10 trays in total.

Balcony Garden

The stand comes with five watering trays, two empty trays, two trays with 3 buckets on each and a tray with 30 seed pots.

Dimensions:
151 cm. x 63 cm. x 19 cm.
Weight: 12 kg.

The five shelves allow you to arrange plants, flowers or herbs exactly as you wish. It can also be used for sowing seeds and cuttings if “seed pots” are used on one or more of the shelves.

Balcony Garden is both for companies looking to have a nice little display in their store, and for private users who want space to grow plants, herbs, etc. on their balcony.
